# Vania Alicia Yocelin

Jakarta, Indonesia • vania.yocelin@binus.ac.id • +62 811 507 404
linkedin.com/in/vania-alicia-yocelin • Portfolio: vaniaalicia.cloud

## Education

**BINUS UNIVERSITY** Tangerang, Indonesia
Bachelor of Computer Science. GPA 3.53/4.00 Expected 2028
*Relevant Coursework:* Machine Learning, Deep Learning, NLP, Computer Vision, Software Engineering, HCI

## Projects

**SINÉFOLIS**
*Cinema Booking Web App · React, Tailwind CSS, TMDB API* Aug 2025 – Oct 2026
- Built a live 9-page cinema booking app with real movie data, redesigned from an HCI prototype
- Serverless functions keep the API token off the client; caching and hover prefetching cut repeat requests

**MEDIMEET**
*Healthcare Booking PWA · React, Supabase, Leaflet* Jun 2025 – Present
- Built a mobile-first app to find doctors, book, pay and collect prescriptions, with live maps
- Designed 7 database tables with row-level security; a partial unique index prevents double booking

**WASTE2TASTE**
*Food-Waste Recipe App · Flutter, Firebase, Gemini API* Jun 2026 – Present
- Built an app that suggests recipes from fridge contents and scans ingredients from a photo
- Flags ingredients that will spoil first; photo scanning runs behind a rate-limited serverless backend

**LANGUAGE IDENTIFICATION**
*Group NLP Project · Python, scikit-learn, TensorFlow, Flask* Jun 2026
- Trained and compared Naive Bayes, SVM, CNN and XLM-R models to detect a text's language

## Experience

**BINUS CYBER SECURITY COMMUNITY** Tangerang, Indonesia
*Regional Head, Alam Sutera* Nov 2025 – Present
- Led the Alam Sutera chapter and coordinated its programs with the central CSC team
- Planned the LDKA leadership training as Project Manager (2026/27)
- Delivered a Branding session to new committee leaders at LDKCP CSC 2026

*Director, Cyber Fortify Video (Media & Publication)* Nov 2024 – Nov 2025
- Directed the community's cyber-awareness video from concept and script to final cut

**BINUS UNIVERSITY** Tangerang, Indonesia
*Freshmen Leader* Aug 2025 & Aug 2026
- Led Binusian 29 and 30 freshmen through campus orientation and introduced them to campus life

*Freshmen Partner* Sep 2025 – Present
- Mentored Binusian 29 and 30 freshmen through their first-year adaptation, academically and socially

## Publication

**IEEE XPLORE (ICISS 2026)** Bandung, Indonesia
*Third Author* Oct 2026
- "Evaluating the Robustness of Transformer-based Models Against Data Poisoning Attacks in Social Media Sentiment Analysis"

## Skills

**Programming:** JavaScript, HTML, CSS, Python, Dart, SQL
**Frameworks & Libraries:** React.js, Tailwind CSS, Flutter
**AI & Data:** TensorFlow/Keras, scikit-learn, pandas, NumPy, OpenCV, Google Colab
**Backend & Cloud:** Node.js, Supabase, Firebase
**Tools & Design:** Git, GitHub, Figma (Wireframing, Prototyping, User Flow Design), Canva
**Languages:** Bahasa Indonesia (Native), English
**Certifications:** Microsoft Elevate AI Training: Azure AI Fundamentals (AI-900T00-A), 2026
**Awards:** 1st Place, 3D Bulletin Board Competition (out of 144 participants), 2023
